Subject: FW: Suggested correction to February 9, 2012 Planning Commission minutes
Attachments: mn020912.docx

Good morning!

Please see the below as it relates to the 02/09/12 Planning Commission minutes. There is a request to amend the minutes.

Thank you,

Marlene Burns

Subject: Suggested correction to February 9, 2012 Planning Commission minutes

Rob,

At its February 23, 2012 meeting, the Planning Commission will be considering the Draft Minutes for its February 9, 2012 regular meeting available as "2.0_Draft Minutes_02-09-12.pdf" at:

http://www.newportbeachca.gov/PLN/PLANNING_COMMISSION.asp?path=/02-23-2012

I am quoted in the second paragraph (under Public Comments) as saying:

"He suggested staff encourage Members of the Harbor Commission to develop a proposal that would be in character with the City of Newport Beach."

It was certainly not my intent to suggest that the Harbor Commission was unaware of existing rules or that they should be encouraged to develop an independent proposal for ExlorOcean. In view of that misinterpretation, please forward to the Planning Commission this suggested revision to that sentence in the minutes, which I believe would more accurately summarize what I said (or at least intended to say):

"He hoped City staff could be proactive in helping ExplorOcean develop a proposal more in keeping with the character of Newport Beach and its building regulations."

Thank you,

Jim Mosher
